To: All customers using the TXM-315-KH3, TXM-418-KH3 or TXM-433-KH3

Re: Product Change Notice

Dear customer,

Linx Technologies is announcing a change to the KH3 Series transmitters. The modules will now be shipped without the plastic lids. The lid was mostly cosmetic, so there is no change to performance or operation of the module. There is a part on the board to support pick-and-place machines.

We are committed to working closely with our customers during the transition to address any questions or concerns.

Product Change Notice for TXM-315-KH3, TXM-418-KH3, TXM-433-KH3

PCN #: LPCN-150306-1

Publish Date: March 6, 2015

Type of Change

Modules will now be shipped without lids.

Products Affected

TXM-315-KH3

TXM-418-KH3

TXM-433-KH3

Description of Change

The original modules were shipped with plastic lids that held the part number and helped keep the RF circuitry free of debris. The new modules will be shipped without this plastic lid. The lid served primarily cosmetic purposes so will not have any impact on performance.

Figure 1: Original Module

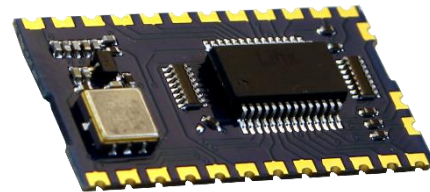

Figure 2: New Module

Reason for Change

Simplify manufacturing and reduce component lead times.

Effect of Change

Form: New modules do not have a plastic lid.

Fit: No change

Function: No change

Quality: No change

Anticipated First Ship Date

Spring 2015

Qualification Data

Qualification plan specifics are not for general release. Please contact Linx directly for additional information or assistance.

Last Time Buy Date

No formal last time buy date is established.
